

SOMERSET BAY

The colors of a life well lived.

*Somerset Bay updates classical furniture designs
with a tidal wave of color*

Adding color—to a blank canvas, to a dreary wardrobe or to uninspiring white walls – creates warmth, spark, personality and interest. It revives and refreshes, awakening tired spaces and surfaces to a world of possibility.

In home furnishings, Somerset Bay has opened a world of possibilities for designers and homeowners by applying color beautifully and imaginatively to antique-inspired and classical casegood furniture designs.

The result is a fresh, livable, relaxing and beautiful lifestyle collection with pieces suitable for every design style – traditional to contemporary – and for every lifestyle – urban chic to family-friendly.

In a few short years, Somerset Bay has grown from a small selection of occasional pieces into a complete lifestyle collection with furnishings for the living room, dining room and bedroom. Nearly 200 items are available in a selection of 18 beautiful hand-painted

finishes with deliciously descriptive names, such as Key Lime Pie, Cotton Candy, Gelato, Roasted Marshmallow, Crème Brûlée, Cherry Cobbler, Powdered Sugar, Pistachio Whip, Apricot Tart, Blueberry Crisp and Jelly Bean Green.

The custom combinations are endless, as customers can pair any colors from Somerset Bay's palette.

Each piece from Somerset Bay is handcrafted from the finest plantation-grown mahogany and premium veneers and trim and finished by hand by skilled artisans.

Somerset Bay delivers a fresh aesthetic and heirloom quality, as you'll see from these featured selections.

Cape Vedick End Table

True beauty is quite often found in simplicity. Such is the case with the 36-inch round end table (SB150), shown in Blueberry Crisp. This vivid blue, richly patinaed piece is like dessert for the room. It finishes it and makes it memorable.

Indian Key Chest

This unique chest (SB156) features exquisite hand-painted moldings and insets on the drawer fronts, side panels and apron. The chest, shown here finished in Butter Pecan with Blueberry Crisp accents, can be customized in any of Somerset Bay's complementary hand-painted finishes.

The colors of a life well lived.

Savannah Bed

This exquisite bed (**SB006**), which offers a fresh take on West Indies styling, is crafted from plantation grown mahogany. Shown here in Black Forest, it is available in any of Somerset Bay's 18 custom finishes and multiple sizes.

Cumberland Cabinet

An heirloom in the making, this china cabinet (**SB160**) offers both storage and style with a pair of glass-paneled doors and a cabinet below. Shown here finished in the buttery yellow Crème Brûlée finish, the interior display space is finished in a complementary shade.

Avon Decorated Chest

This uniquely beautiful chest (**SB168**) is decorated with a painting technique called jappanning. Artists decorate painted furniture with simple Oriental motifs rendered in a contrasting color. Here, the chest is finished in Vanilla Bean and accented with Cherry Cobbler.

Folly Beach Cabinet

Combine a little traditional West Indies design with a coastal color palette, and you get this sweet cabinet (**SB181**) from Somerset Bay. The two-door cabinet is finished in a delectable aqua hue called Cotton Candy.

Pamplico Half-Round Cabinet

Somerset Bay enlivens and freshens a traditional form with this striking half-round cabinet (**SB172**). The interior of the cabinet pops with the application of a Blueberry Crisp finish, a nice contrast to the antiqued white Vanilla Bean on the exterior.
